

Address: Lakeside Drive

Legal Description: Part of Mill Pond and Part of Road Allowance Parts 1 and 1, Registered Plan 20

Designation By-law: 64-89

By-Law Designation Date: April 10, 1989

Date of Construction: 1929

Architectural Style: Bandshell

Architectural Description: one storey open semi-elliptical shell shaped structure with a slanted roof with a rectangular flat roofed section in the centre; a flat roofed smaller section almost forms a triangle with the gable roof of the small rectangular structure on either side of the bandshell. These structures have a closed up two part window and decorative strips of wood with a circle in the centre of the gable. There is a brick buttress on either side of the front corners of each of these sections.

R. Thomas Orr suggested the shell like shape after seeing such a structure in the United States.
